Re: IB Docket No. 12-324

Dear Ms. Ruff:

The most recent international traffic and revenue data filed with the Commission by Verizon shows that it has been providing facilities based international telephone services between the United States and Pakistan pursuant to authority issued by the Commission. This is to advise you that the International Bureau has issued the attached order which may affect the arrangements between Verizon and its Pakistani correspondents for exchange of telephone traffic with Pakistan.

Please inform us if Verizon no longer provides facilities based telephone service between the United States and Pakistan.

Sincerely,
